Categories		Specifications
Electrical	Input Voltage	12 Volt DC
	Power Consumption	0.17W / LED(Standard) or 0.21/LED (High Output)
	Wire Size	20 AWG 2 wire
	Connector	2.1mm x 5.5mm barrel connector
Physical	Color Temperature	5300 K
	Frame Width	1-1/2"
	Frame Thickness	1" (#13 & 14-Single sided), 1-3/4" (#15-Double sided)
	Frame Material & Color	Aluminum snap frame, Color: Silver / Black
	Driver Included	INPUT: 100V~240V, 50/60 HZ, 1.5A OUTPUT: 12VDC, 5.0A Wattage: 60W (Dimension: 9"x1.5"x1.25")
	Mounting	Wall mounted with screws or pendant with hanging wires
	Operating Temperature	-30 C ~ +40C
Certification	Certification	
	Environment	Dry location only

Features & Benefits

- Custom sizes available (8.5"x11" ~ 48"x96")
- High performance optic acrylic plate
- 1 inch wall thickness
- Single and double sided boxes available
- UL, cUL listed
- 2 year warranty
